

SHOWERING

With spare time in todays manic and pressurised world at a premium, the need to grab a quick shower has never been greater. However, we believe this doesn't mean your shower cubicle should be compromised when it comes to looks and quality. With four different styles of tray, three ranges of glass shower screens and many options on the shower itself, you'll find everything you need to create the invigorating shower we all enjoy.

Wetroom style walk in trays with single sheets of glass have never been more popular. We have a great range of sizes available and whether your idea of style is minimalistic or something a bit different, one of our four types of trays will suit you.

Both our 6mm & 8mm shower cubicle ranges come with top quality metal hinges, rollers and stainless steel handles for extra luxury. Also, a coating is added to the glass which creates an invisible barrier against bacteria & lime scale build up and makes the cleaning process easier.

No matter what type of plumbing system you have, you will find a shower here suitable for all from leading brands such as Inta, Redring and our own Technique brand.

STRATOS 6+

- 6mm easy clean toughened safety glass
- Stainless steel bar handle
- Easy clean clip out double metal rollers top & bottom
