

# ALAN T. CARR

QUALITY BATHROOMS SINCE 1972

# WELCOME

In April 1972, a bathroom retailer became frustrated with his current suppliers offering poor service with even poorer products. At the opening of his new Bathroom Distribution business, Alan T. Carr made a pledge to himself, and to his industry.

**“I will offer the highest quality products possible, at an affordable price with outstanding customer service.”**

With this declaration as the foundation of our Company, it is at the heart of our reputation. Fast forward 5 decades and even though the bathroom has changed from a small room in which to wash, into a modern living space renowned for luxury, our core principles have not.

We believe that your experience of choosing a new bathroom should be as rewarding as taking that first hot shower. With that philosophy at the forefront of our minds, we’ve created this new look brochure showcasing many quality products with cutting edge designs to suit all desires.

Prices are inclusive of VAT. We reserve the right to modify specifications and prices without prior notice.

Images are for brochure purposes only. Colours represented in this brochure are as accurate as the printing process allows.

---

Without doubt, the biggest shift in bathroom design over the past decade has been the introduction of furniture both in an aesthetical and practical sense.

By working closely with our manufacturers, we have developed a cutting edge, designer range of units and accessories, that look amazing without compromising quality or functionality.

With styles to suit all tastes and sizes to suit all requirements, you'll find everything you need here to give your bathroom the 'Boutique Look' now so popular.

With many ranges incorporating matching sanitaryware, you can create your new bathroom with ease and confidence.

# SANITARYWARE

Our collection of ceramic toilets and basins from industry renowned brands such as Cerastyle, Cersanit and Kale, along with our very own exclusive Technique and Technique Plus brand, present an eclectic mix of current designs and styles.

We have built our sanitaryware collection to a point where every need is taken care of; back to wall & wall hung pans now feature prominently throughout as the trend towards smooth clean lines gathers pace, and short projection toilets are available to get the modern minimalist look now so popular. We have traditional suites which will complement a more traditional style of property and everything in-between.

Whether you're looking to install a downstairs toilet, en-suite, or your main bathroom needs updating, there will be something here that will meet your requirements.

# SHOWERING

With spare time in today's manic and pressurised world at a premium, the need to grab a quick shower has never been greater. However, we believe this doesn't mean your shower cubicle should be compromised when it comes to looks and quality. With four different styles of tray, three ranges of glass shower screens and many options on the shower itself, you'll find everything you need to create the invigorating shower we all enjoy.

Wetroom style walk in trays with single sheets of glass have never been more popular. We have a great range of sizes available and whether your idea of style is minimalistic or something a bit different, one of our four types of trays will suit you.

Both our 6mm & 8mm shower cubicle ranges come with top quality metal hinges, rollers and stainless steel handles for extra luxury. Also, a coating is added to the glass which creates an invisible barrier against bacteria & lime scale build up and makes the cleaning process easier.

No matter what type of plumbing system you have, you will find a shower here suitable for all from leading brands such as Inta, Redring and our own Technique brand.

# **BATHS**

Baths have come a long way since a steel tub was placed next to a coal fire and are now considered the pinnacle of bathing luxury.

Our Technique range of free standing baths are made to the highest quality. Whether you're looking for an ultra-modern look, a more traditional style or a mixture of both, you'll find something to suit here.

We also have our Technique range of acrylic and steel baths which are available in many shapes and sizes including L & P shape, corner, gripped and plain versions. With various models available in our exclusive Armatec option, whereby the standard 5mm acrylic sheet and encapsulated base board is given extra rigidity by a further coating of super strength fibre glass, you can be sure your choice will withstand the pressures of the modern bathroom.

For that extra touch of luxury, we have five different whirlpool options that will make your bathing experience all the more relaxing.

# TAPS, WASTES & ACCESSORIES

---

Possibly the final jewel in the crown when creating the perfect bathroom, taps are probably the first thing noticed when entering a bathroom and the demand for striking designs has not been ignored.

Francis Pegler has been a stalwart of our industry for over 100 years and we are proud to be able to offer their products in our brochure. With WRAS approval on all the ranges included here, you can be sure of quality without question.

With our Technique range of taps we have a selection which will suit every bathroom from modern mixers to traditional pairs and with most basin mono's coming with our 'Eco Click' cartridge; your purchase won't cost the earth in more ways than one. A huge variety of square, round, waterfall and traditional styles make up the Technique collection and with the peace of mind 5 year guarantee, you need look no further for the jewel you've been waiting for.

All of our accessories are chrome on brass or stainless steel, ensuring a quality finish and a designer look to compliment every bathroom.

# HEATING

---

Designer radiators have become a huge part of modern living, not just in the bathroom but throughout the home. Here you will find some of the most up to date designs to give your bathroom the wow factor you've been looking for and ranges that wouldn't look out of place in any room in the most exclusive penthouses.

With beautiful contemporary and traditional bathroom radiators available, all with matching valves for the finished article, you'll be reluctant to actually put your new radiator into practice and cover it up with a wet towel.

Where space is a concern, we have vertical options available that are ideal for alcoves in living rooms and kitchens as well as bathrooms giving you the heat required without compromise.

# **WALL PANELLING**

Wall panelling has become a modern alternative to tiling and our Technique and Showerwall panels have proved to be one of the most extensive product and colour ranges available on the market today.

Made from 10.5mm thick MDF and available in 2 different widths, you can create your ideal look in less time and less cost than tiling, without losing any of the appeal of your new bathroom.

Easily fitted over most existing surfaces, including tiles, this waterproof panelling system is elegant and stylish without the fuss.
