

FLOORING & WALL PANELLING

PVC and MDF Wall panelling has become a modern alternative to tiling. We have one of the most extensive product and colour ranges available on the market with our Technique and Showerwall panels.

Made from 10.5mm thick MDF or 10mm cellular PVC, available in various widths, you can create your ideal look in less time and less cost than tiling, without losing any of the appeal of your new bathroom.

Easily fitted over most existing surfaces, including tiles, this waterproof panelling system is elegant and stylish without the fuss.

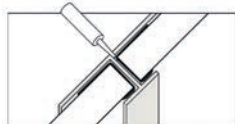

WALL PANELLING

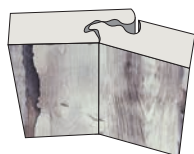

Three steps to create your waterproof Showerwall system:

1. **DECOR** - Select your decor from one of our collections

2. **PANEL DETAILS** - Choose your panel type: **Square Cut or Proclick**

Square Cut is a traditional panel and uses a Joining Trim where two or more panels are required side by side.

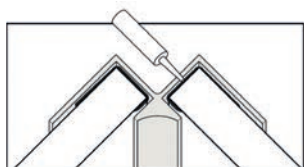

Proclick technology has been engineered to create a mechanical locking system that provides seamless, almost invisible joints.

Installation is made easy through the click design which allows panels to be located quickly and easily into place, eliminating the use of joining trims.

3. **WATERPROOF SYSTEM - Trims and Sureseal**

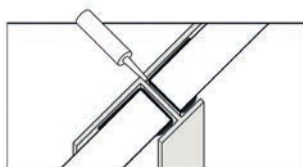

In order to ensure a watertight finish, trims are required for the outer edges of the panels as well as both internal and external corners.

Five trims are available dependant on where you would like to fit our panels. Note: all trims measure 2450mm in length and should be sealed using Showerwall sealant.

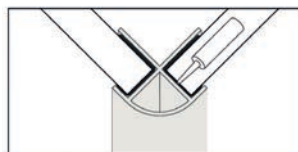

Internal Corner Trim

Used on all internal 90° corners.

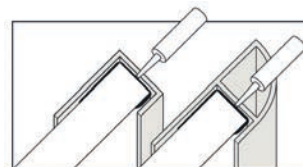

Jointing Trim - For Square Cut Only

Used to mount panels side by side.

External Corner Trim

Used on all external 90° corners.

Square and Quadrant End Trims

Finishing end trims for square cut edge panels.

Product	Price
350ml Panel Adhesive	£18.00
Sureseal	£21.00
Sureseal End Caps	£7.00
MDF Internal Corner - Chrome	£39.00
MDF External Corner - Chrome	£39.00
MDF End Cap - Chrome	£31.00
MDF End Cap Quadrant - Chrome	£39.00
MDF Jointing Trim - Chrome	£39.00
PVC Internal Corner - Silver	£14.00
PVC External Corner - Silver	£14.00
PVC End Cap - Silver	£14.00
PVC Jointing Trim - Silver	£14.00

Sureseal

At the base of the PVC or MDF Showerwall panel even greater sealing performance is achieved using Sureseal.

This seal ensures four points of cover; made up of an enclosed sealant line protected by a neat trim with both front and end capping.

Available to order in Black, White and Satin Silver.

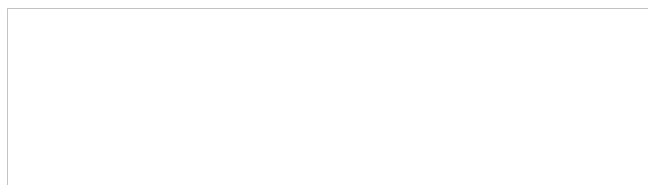

We recommend Showerwall's own brand of adhesive is used for the effective fitting of the product. Colour match sealant available for Acrylic Panels.
