

SHOWERING

In today's manic and pressurised world, spare time is at a premium, and the need to grab a quick shower has never been greater. Meaning your shower cubicle shouldn't be compromised when it comes to looks and quality. With four different styles of tray, five ranges of glass shower screens and many options on the shower itself, you'll find everything you need to create the invigorating shower we all enjoy.

Wetroom style walk-in trays with single sheets of glass have never been more popular. We have a great range of sizes available and whether your idea of style is minimalistic or something a bit different, one of our four types of trays will suit you.

All our 6mm and 8mm shower cubicle ranges come with top quality metal hinges, rollers, handles and easy-clean glass coating for extra luxury. The coating is added to the glass which creates an invisible barrier against bacteria and limescale build up and makes the cleaning process easier.

No matter what type of plumbing system you have, you will find a shower here suitable for all from leading brands such as Inta and our own Technique brand.
