

FURNITURE & SANITARYWARE

Without doubt, the biggest shift in bathroom design over the past decade has been the introduction of furniture both in an aesthetical and practical sense.

By working closely with our manufacturers, we have developed a cutting edge, designer range of units and accessories that look amazing without compromising quality or functionality.

With many ranges incorporating matching sanitaryware, you can create your new bathroom with ease and confidence.

We have built our sanitaryware collection to a point where every need is taken care of; back to wall and wall hung pans now feature prominently throughout as the trend towards smooth, clean lines gathers pace, and short projection toilets are available to get the modern minimalist look now so popular. We have traditional suites which will complement a more traditional style of property and everything in-between.

Whether you're looking to install a downstairs toilet, en-suite, or your main bathroom needs updating, there will be something here that will meet your requirements.
